Re: Docket No. ED-2018-OCR-0064, RIN 1870-AA14, Nondiscrimination on the Basis of Sex in Education Programs or Activities Receiving Federal Financial Assistance

Dear Secretary DeVos:

Title IX is essential to ensuring that our schools are free from discrimination, including sexual harassment and violence. But the Department of Education's proposed changes would weaken students' Title IX protections by narrowing the definition of sexual harassment to potentially exclude much of the abuse students experience and by limiting when schools will respond to reports of sexual harassment and violence. In addition, the rule would put in place school processes that make it harder for students to come forward and receive the support they need when they experience sexual harassment or assault. These changes would ultimately make our schools less safe.

As Secretary of Education, you have the power to address this critical civil rights issue and help make schools safer and more equitable for all students. I join with the American Association of University Women (AAUW) in urging you to withdraw the Notice of Proposed Rulemaking on Title IX and to work to ensure schools protect students from sex discrimination by fully enforcing, not rolling back, Title IX's protections.

Signed,
